To Potential Clients of *The Roofing Store, LLC*:

We recently completed the reroofing project at **Maple Court II**, Killingly, Connecticut for the Killingly Housing Authority. *The Roofing Store, LLC* was the contractor for this project. We were very pleased with the results.

The Roofing Store, LLC met or exceeded all requirements of the contract documents. They worked cooperatively with this firm and the Housing Authority to help ensure the safe operation of the facility during construction. They also worked to resolve all field conditions to the satisfaction of the entire project team.

We enjoyed working with *The Roofing Store, LLC* on this project. We look forward to working with them in the future and would recommend them to any potential client. Please feel free to call me if you wish further information.

Sincerely

J.R. Victorick, AIA
Principal
